

Dear Alumni Association,

10/26/2020

Thank you so much for your support. It really makes a difference. I would like to apply for the Alumni Association to buy an Apple iPad Pro (\$899) and Apple Pencil (\$129). Teaching on Zoom with my laptop allows me to screen share, but I can't solve math problems easily. It is too hard to draw pictures and graph and type math symbols. The Apple iPad Pro and Apple Pencil will allow me to use a white board and draw pictures and solve math problems quickly and visually for the students and help their comprehension, understanding and achievement.

The cost is:	iPad Pro	\$899
	Apple Pencil.	\$129
	Total	\$1028

Thank you for your generosity and understanding.

Randy Chew
